## FEES & PAYMENTS

Thank you for choosing Texas Dental Surgery for your oral surgery and periodontal care.

We share your concerns regarding the increasing cost of health care. We believe that you, our patients, expect and deserve the highest quality care we provide at a reasonable cost. While we take advantage of every possible avenue to keep costs down, we are committed to not sacrificing quality for less expensive care. With this in mind, we would like to share some information with you about our financial policy. We hope you will consult with us if you have any questions regarding our services and our financial policies.

Many people are under the impression that if they have insurance, it is the Insurance Company who owes the doctor for services. Please keep in mind, the insurance contract is between the patient and the insurance company. **Therefore, the patient is responsible for the bill, regardless of insurance coverage determination. As a courtesy to our patients, we are happy to bill your PRIMARY insurance for you, however, the responsibility for payment remains with the patient (or insured).**

**CANCELED APPOINTMENTS:** We reserve the right to charge \$50-\$200 for appointments / surgeries canceled or broken without 24-hour advance notice.

**PATIENTS WITH INSURANCE:** At the time of surgery patients are **REQUIRED** to make an initial surgery deposit toward the **ESTIMATED CHARGES**.

As a courtesy, we will assist you in **ESTIMATING** your coverage. The actual amounts of coverage may vary from this **ESTIMATE**. **Many insurance plans state that you will be covered up to "50%, 80%, 100%". Despite that statement, we have found that many plans may cover less than that depending on their established "usual and customary fees" and what services they actually cover.** Please be aware that some insurance companies will pay a claim percentage based on their "usual and customary fees", not our actual charges. To determine what portion of your bill will be covered by insurance, we will gladly request a pre-authorization by your carrier, however, this may require up to eight weeks to be processed by the insurance company.

**PATIENTS WITHOUT INSURANCE:** Patients without insurance are required to make full payment at the time of surgery. We do not routinely finance surgical fees.

**PATIENT FINANCING:** We participate in CareCredit that allows patients to finance their treatment through this third-party lender. You can apply by visiting [www.carecredit.com](http://www.carecredit.com).

**CHECKS:** There will be a \$38.00 charge for all returned checks.

**ACCOUNT BALANCES:** The balance on all accounts is due in full in 60 days regardless of insurance coverage or anticipated payment from other sources. If payment for our services is not made within 60 days of receipt of services, an interest charge of 1.5% per month will be added to the account (18% per annum). Therefore, patients with insurance whose claims have not been paid within 30 days should contact their insurance company to determine the reason for the delay of payment. You will be responsible for all collection costs and reasonable legal costs, in addition to the amount originally owed.

**ASSIGNMENT AND RELEASE:** For individuals in insurance, your signature below hereby authorizes your insurance benefits to be paid directly to the doctor. You are still financially responsible for any balance due. It also authorizes the doctor to release any information required for payment and processing of this claim.

**AGREEMENT:** I have read and understand the financial policy of the practice and I agree to be bound by its terms.

## HEALTH HISTORY

**To our patients:** Although oral surgeons primarily treat the area in and around your mouth, your mouth is part of your entire body. Health problems that you may have, or medications that you may be taking, could have an important interrelationship with the care that you will be receiving. Thank you for answering the following questions. Your answers are for our records only and will be considered confidential.
